**MEMORANDUM FOR: Acting Assistant Director/Scientific
Intelligence**

ATTENTION:

25X1

**SUBJECT: Annual Report of the Scientific
Estimates Committee**

1. It is understood that subject report is being developed by OSI.

2. For the use of your Office in achieving the SEC report, this Office has made available to  a copy of IAC-D-28/2. This document is the first annual progress report on the activities of the IPC. It was noted by the IAC at its meeting on 21 July, at which time the IAC members agreed that the IPC should submit another report a year hence.

25X1

3. In the hope that your Office will similarly be aided by the second annual progress report of the EIC, that report is transmitted herewith. It is IAC-D-22/2, and will be considered by the IAC in the near future.

4. The IPC and the EIC are the only IAC-created committees which have made reports although, as you well know, the JAEIC has for some time rendered a semi-annual substantive report. It has always seemed to this Office highly desirable that the major IAC-created committees make a recurrent report of their stewardship. For this reason, this Office would be delighted to assist OSI in any appropriate way in achieving the SEC's first such report.
